

Bahadurgarh Footwear Development Services Pvt. Ltd.

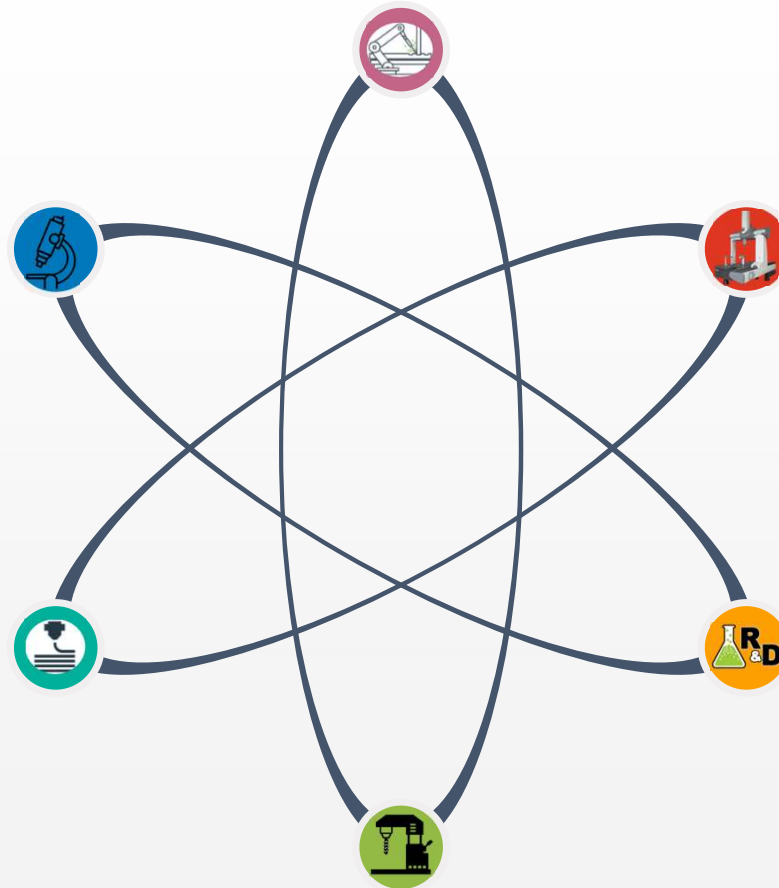

'Green Category' labour-intensive Footwear Park, Bahadurgarh manufactures around 60% of all non-leather shoes made in India. There are over 800 MSMEs nearby the CFC.

STATE OF ART TESTING LABORATORY (NABL/BIS)

Testing is most Important for product development. Testing Labs established in the CFC provides specialized services to the entire footwear industry not only at Footwear Park but to the entire surrounding region to both cluster members and non-members.

DESIGNING

The Designing Lab has also been erected to help the clusters units in getting better designs. .

CFC delivers End-To-End Footwear Testing, Auditing, Advisory, Training And Quality Assurance Services with Precision, Enabling Retailers, Manufacturers and Importers To ensure Safety, Quality and Performance of Footwear and Leather good products.

KNITTING SHOES UPPER

Technology is important for business development: Beworth is one of the most famous computerized flat knitting machine brands in the world. Fast fashion and recent trend towards individualised products ensure that the production processes used have to be adapted.

SKILL TRAINING

Our journey of skilling is very encouraging and result oriented. We are an empanelled Training partner with NSDC, LSSC, HSDM, PMKVY, FDDI, and also signed an MOU with Shri Vishwakarma Skill University to provide diploma courses in Footwear Technology.
